Members, Non-Members, Friends and Family welcome - This year we are online – Zoom.

Every year Area 8 organise a New Year's Party on the 3rd weekend of January. Normally this is in a village hall with a broad variety of side saddle topics having been presented over the years. In 2021 we feel that because of the pandemic, we want to give our associations members across the country something extra in January. Therefore, this coming year we are opening our online New Year's Party to all SSA members that wish to attend online on a first booked basis.

We are delighted that we have had kind offers from nine National Equitation champions willing to speak about equitation, and each of them to take a short question from the online audience.

We would normally have a cooked lunch, but this year the organiser will be sending out links to recipes to try, so that we can sit down and eat and talk. Additionally if you have time to 'party up' the background of your zoom with 2021 bunting / balloons, pictures of you riding etc that would be another talking point over lunch. Sue Pashen will explain the area awards which would normally be held if there is not a pandemic, there is also a quiz and the draw for the equitation lesson. This is a super way to socialise with friends, celebrating the new year, while enjoying side saddle, so please put the date in your diaries and fill in the booking form below.
